The Registrar,  
The Copperbelt University,  
P.O. Box 26192,  
Kitwe,  
ZAMBIA

Dear Sir/Madam:

With reference to the ad which appeared in the Post Newspaper of October 2, I am applying for a Scholarship at the Copperbelt University. I am interested in pursuing Computer Studies being offered at the institution, as well as studying and Staying in Zambia.

Last year, I studied A-Levels at the University of Zimbabwe and obtained very good results. I was waiting for admittance into my second year of my studies when I came across the advertisement and presumed that it would be more advantageous for me to continue my studies in Zambia because of the high quality of education administered in Zambian Universities. Please find enclosed my statement of results.

Here is a little information about myself. I am a hardworking individual who pays very serious attention to her studies. In addition, I also work very well with others. In fact, what helped me to pull through school and get such good grades was my willingness to work along with others.

There are a few things though that I would like to find out. To what extent do you provide financial assistance to students? You did not mention anything about travel costs. Do I have to find my own transportation? Also, I want to find out how the academic calendar is arranged at the university. I will really appreciate this information.

Yours Faithfully,

*aggez*
